

POLAR BEAR HEAD

step 1: cut out and fold the animal head using the lines as guides

- — — — — cut
- ★ ★ ★ ★ ★ crease
- fold towards you
- fold away from you

Step 2: attach tabs A, B and C to the undersides of matching letters

Step 3: use tape to attach the animal head to your bicycle helmet

Optional: to reinforce the animal head, cut out and glue onto cardboard

Optional: to wear the animal head without a helmet, simply punch two holes underneath the ears and attach elastic. Cut off the folded tabs at the top, and make sure your vision isn't obstructed – you could try printing it a little bigger too
